

# Triple C Carving Group Newsletter

## Jan 29th, 2025

22 Carvers attended today's meeting.

**Important Note: Hall opens at 8:30 AM. The meeting will start at 9:00 AM. We have the Hall till 12:00 pm**

**Treasurer's Report:** No report today.

**Cookies:** Thank you Doug B. for goodies this week. Next week is Keith G.

**Guests:** Welcome to Colin; we look forward to seeing your finished spoon on our display table in the near future.

**Website:** Dennis has his laptop set-up for those who want to view the newsletter or website. Also, new members will be added to the website once their info is collected. Dennis informed us he has some spoon blanks for give-away on the display table.

**Business:**

**Birthdays** – Happy Birthday to Walt and Arnold!

**Noah's Ark** – The Ark is still available for sale. Nothing more to report.

**Bark Carving Class** – All participants are reminded the much anticipated class with Leo and Garry is occurring next week. Please make sure you bring your bark next week. Thank you to Margot for donating books to the library, including a bark carving book.

**Strangway** – A Thank You card is circulating for Mike N. who led our tour of the woodshop last week.

**Tool Sale** – Don Dease's tools were sold today as a 'Live Auction' format. Many thanks to Wayne, our auctioneer. Doug C. will inform us next week of the total collected from this club fundraiser.

**Insurance** - \$240 fee for insurance and OWCA membership is required to be submitted by Feb 21<sup>st</sup>. Don made the motion to pay \$240, seconded by Margot. There was much discussion. Two key points: insurance is required as a condition of our rental agreement with the Navy Club, and insurance through the OWCA is cheaper than independently arranged insurance. All were in favour, motion carried.

**T-shirts** – info for pricing, sizing and colours is available at the front table for long and short-sleeve t-shirts with the Triple C Logo. Money and orders will start to be collected by Pat on Feb 12<sup>th</sup> and every Wed until Feb 26<sup>th</sup> (3 weeks total). The supplier is Team Outfitters located in Sarnia.

**Display Table** – Today is 'relief carving' theme day.

**Tech talk:** Randy gave Terry a beanie propeller hat. Terry had some give-aways for embellishing carvings. He also spoke about some carvings that were purchased and an iron marker for writing on logs.

**Upcoming Events:**

**Upcoming shows** – Metro Carvers March 2025.

**Feb 5<sup>th</sup> (Next Week)**– Bark Carving Class.

**END**
